Denis --

Greetings! I just started working with the Operation Transparency campaign here in Ottawa.

I don't know if you've checked out the CUPW website recently, but they recently posted a video of their May 1st action (in English and French). I thought maybe you'd want to put it up on your website! (I did the editing and have a copy of it, if you want it.) I know lots of folks go to your website and so figured it'd be a great help if you can let people know about Operation Transparency and its upcoming events, too:

- May 16 — It's the first year anniversary of Moya Greene's presidency. If you haven't already signed a letter to Moya Greene, do so today.
- May 17 — Search for the missing documents locally. Ask people if they have seen the documents. Use your magnifying glasses to ensure the documents are not hidden somewhere.
- June 19 — Direct action in Ottawa — Locals are to get organized and flood Canada Post headquarters with solidarity messages for CUPW.

A logo JPEG is attached, too.

Warmly,

(Someone in Ottawa)
